

Educators for the Uniform Collaborative Law Act

We, the undersigned members of the academic community urge the House of Delegates of the American Bar Association to endorse the Uniform Collaborative Law Act for transmission to the States. We believe that collaborative law is a valuable voluntary option for parties to consider for resolving their disputes and encourages lawyers to play a problem solving role as counselor to their clients. Enactment of the UCLA by the states will provide protections for parties considering collaborative law and promote its growth and development

(Institutional affiliations are listed for identification purposes only)
