Collaborative Law Practice Forms

[Collaborative Law Practice Forms](#) are provided for members of the Global Collaborative Law Council, to be used as guidelines in their collaborative law practice. The forms are numbered for easy reference. "00" is a [Table of Contents](#) to the numbered forms.

Each form is provided in Adobe Acrobat format (for printing a "standard form"), and in Microsoft Word format so that the form may be customized for specific areas of law or modified to conform to any specific requirements of the jurisdiction in which the member practices collaborative law.

The forms have been developed over the past several years by the Collaborative Law Institute of Texas and the Global Collaborative Law Council, and should be used in connection with the [Protocols of Practice for Collaborative Lawyers](#).

Members' comments and suggestions are welcome: info@collaborativelaw.us. From time to time, new forms will be posted and revisions will be made based upon comments and suggestions received.

GCLC Committees

Your Board has created a number of new [Committees](#) to carry out GCLC's mission of training lawyers and other professionals and educating the public as to the benefits of the collaborative process. We hope you will consider serving as Chair of one of the newly created committees.

The work of GCLC can be best accomplished through the dedicated efforts of our members, serving on committees in which they have a particular interest. Please review the committees, find your area of interest and sign-up for a committee by contacting us at: info@collaborativelaw.us

In your Newsletter, word this however you think it will best understood.
